

400 Pivot Strip LED

APPLICATIONS

General Lighting Warehouses
Stairwells, Displays, Coves,
Storage rooms, Manufacturing areas

CONSTRUCTION

With sockets attached, ends can be folded down inside of body to protect sockets and provide for compact shipping and storage. When rotated 90 degrees into upright position, the ends snap in and lock. This economy strip is a basic all-purpose fluorescent light fixture with a wide range of applications.

Die-formed of 20 gauge cold rolled steel. Side knockouts are included for a convenient outlet switch and conduit. Chain hanger slots are also provided on the sides and back.

Snap-on pan cover is fabricated in 2 pieces for 96" bodies for easy installation. Ends pop into position and accept slide-on or screw-on sockets.

MOUNTING

Fixtures are designed for surface, stem, or chain hanging. Can be installed as individual units or in continuous rows.

FINISH

Phosphate coated, highly reflective, baked, white enamel.

ELECTRICAL

Fixtures and components are all assembled by I.B.E.W. Union Workers.

Fixture is designed for direct power LED tubes. No ballast is necessary

Knockouts are provided on the back and ends for all types of wiring. Slide-on or snap-in sockets are provided.

Sockets are replaceable without removing the fixture from the mounting surface.

OPTIONS
